

An Informative Three Day Seminar:

MIOSHA General Industry 10-Hour + (Fundamentals of Safety and Health)

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MIOSHA Training Institute introduced a new certification program, effective October 1, 2007. This course is an MTI Level 1 course. The certification program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses will be offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certification program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

Many employers are faced with the need to appoint an employee to oversee their program who may not be fully prepared for the challenge. This course offers the basics of creating a safety and health management system as well as providing an introduction to the MIOSHA Act and standards. Topics include inspections and citations, elements of a comprehensive safety and health system, recordkeeping, accident investigations, written programs, introduction to industrial hygiene, respiratory protection, hearing conservation, bloodborne infectious disease (BID), eye wash requirements, hazard recognition, machine guarding, and ergonomics. Students will receive a MIOSHA GI 10 Hour + card upon successful completion of the class.

Required Class for
General Industry
Level One
MTI Certification

Facilitator

Karen was appointed to the Consultation Education and Training Division of MIOSHA in 1992. She is a Senior Occupational Safety Consultant working in Oakland County providing consultative advice and training opportunities for both employers and employees. Prior to her position at the agency, Karen worked as a Loss Control Consultant in the insurance industry, which gave her insight to workers' compensation, property and liability issues while assisting clients with their safety programs.

Karen graduated from Grand Valley State University with a Bachelor's degree in Occupational Safety and Health.

Presenters: Karen Odell, Occupational Safety Consultant and
Kristin Osterkamp, Industrial Hygienist; MIOSHA, CET Division
